# LEVOLOR®

How to Install Stock Cordless Faux, Faux and Real Wood

Before you begin your installation:

READ ALL INSTALLATION INSTRUCTIONS!

- Make sure that you have all tools and hardware needed for installation.
- Check the installation surface (wall, ceiling, or window frame) to ensure that you have suitable fasteners and tools for the material.
- Double check the headrail and blinds for proper width and length. If you are installing several sets of blinds, be sure to match them with the appropriate window.
- Check the parts list shipped with the product to confirm that you have the correct number of brackets.
